

Clifton Park Center Baptist Preschool

SEPTEMBER 2004

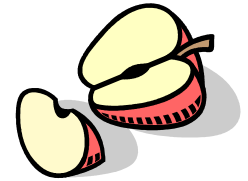

PRESCHOOL PIPELINE

Visit our CPCBNS Web site at: www.cliftonparkcenterbaptist.org

As the children adjust to their classroom, we will be doing some activities not noted on the monthly calendar. It appears the transition is going very smoothly. Most of the forms have been returned, most have their wipes, the extra set of clothing and the tuition for the month of September. If you are one of those who have not fulfilled your obligation, please do so. Both classes have a teacher's aide: Mrs. Strife had her two sons in the program and helps on MWF. Mrs. Crannell had her two daughters in the program and helps on T/Th.

Thank you for taking a fund raiser packet. As has been stated, the funds raised from this will go directly into the Field Trip Budget. Rather than nickel and dime you throughout the year, the school absorbs the cost. If you choose not to participate, you may donate the amount your child would need for the year. Kelly Penson and Claudia Gentile have graciously volunteered to put things in place in order to have your order back to you for the holidays. You will find their name and telephone number on the four-year-old roster.

After our trip to the orchard, the class will make applesauce. You will know what day as you walk down the hall after class, the smell of apples cooking is so good!

"Mother Goose" will visit the classroom as we finish the month of nursery rhymes. Be sure to have your child repeat his/her favorite rhyme.

On Thursday, September 30th, the two-day class can bring a character representing a nursery rhyme. It can be a stuffed animal that is talked about in a rhyme. We have had lambs (Mary had a Little Lamb) a cow (the cow jumped over the moon) etc. Use your imagination.

Colleen Franklin, Kelly Penson, and Claudia Gentile have agreed to take the book club orders. If you have any questions, their name and phone number is on the four-year-old roster.

Thank you for your support in providing transportation to our field trips. You will notice a driver and chaperone for each car. We would like to limit the number of vehicles. You will be responsible for the group in your car. If you are not sure how to get to the site, please ride with someone who knows. We would ask you to focus on the children and not carry on conversations between adults.

Truly grateful,

The Staff

"Train up a child in the way he should go and when he is old, he will not depart from it."
Proverbs 22:6
